

Cape York

(Fly up - Drive back)

Special & Endemic Birds

Inala Nature Tours

Enjoy searching for specials and endemics in far north Queensland's top birding destinations: Iron Range National Park, Lakefield National Park and surrounds. The rich diversity of species includes: Golden-shouldered Parrot, Red Goshawk, Palm Cockatoo, Eclectus Parrot, Magnificent Riflebird, Yellow-billed Kingfisher and many more!

OVERVIEW

This tour visits some of the most remote, bird-rich areas in Australia. In the country's far north eastern corner, the distinctive Cape York Peninsula juts out into the tropical water of the Coral Sea and is home to the largest unspoilt patch of lowland rainforest on the continent. This adventure includes 4 full days birding in Kutini-Payamu (Iron Range) National Park for a host of species found nowhere else in Australia including Palm Cockatoo, Frill-necked Monarch and White-faced Robin. We also explore the riches of Rinyirru (Lakefield) National Park where Golden-shouldered Parrot and Red Goshawk will be likely highlights. Simply put, this tour is hard to beat, it covers the highlight areas in this region, and we travel at a comfortable pace. This tour is also one of our best sellers and you are welcome to join us on this next trip.

Golden-shouldered Parrot, Alfred Schulte

ITINERARY OUTLINE

- Day 1. Fly Cairns to Lockhart River.
- Day 2. Lockhart River.
- Day 3. Lockhart River.
- Day 4. Lockhart River.
- Day 5. Lockhart River to Musgrave.
- Day 6. Musgrave-Lakefield National Park
- Day 7. Musgrave to Cairns.
- Day 8. Depart Cairns.

DETAILED ITINERARY

Day 1. Fly Cairns to Lockhart River, Kutini-Payamu (Iron Range) National Park

This morning, we board a flight to Lockhart River on the boundary of one of Australia's most treasured, yet remote, birding destinations: Kutini-Payamu (Iron Range) National Park. This park protects the largest area of lowland rainforest in Australia and is home to a host of range restricted species found nowhere else in the country. The forests and woodlands of the Iron Range teem with birds and hemmed by white-sand beaches and turquoise waters, there can be few places on earth as delightful to bird. On arrival in Lockhart River, we will settle into our accommodation and make our way into the forest to enjoy our first thrilling afternoon birding in Cape York.

Accommodation: Lockhart River (en suite cabins). **Meals included:** L, D.

Day 2 - 4. Kutini-Payamu (Iron Range) National Park

We have 3 full days to explore this rich corner of Australia. Our time will be spent searching for the many area specials, as well as several interesting mammals and reptiles. We will bird a diverse mosaic of habitats from verdant monsoon rainforest and tropical woodland to wetlands and a variety of coastal habitats. The selection of birds is impressive with no shortage of outstanding species including two members of the Bird-of-paradise family - Magnificent Riflebird and Trumpet Manucode – and other showy species like the ear-splitting Palm Cockatoo, Red-cheeked Parrot, Eclectus Parrot, Yellow-billed Kingfisher and Frill-necked Monarch. Additional range-restricted species include White-streaked, Tawny-breasted, Graceful and Green-backed Honeyeaters, Black-eared Catbird, Yellow-legged Flyrobin, Fawn-breasted

White Faced Robin - Stewart Bentley

Bowerbird, Tropical Scrubwren, Chestnut-breasted Cuckoo, Northern Scrub-robin and White-faced Robin. Additional rainforest species include Lovely Fairywren, Yellow-breasted Boatbill, Grey Whistler (subsp *peninsulae*), Metallic Starling, Shining Flycatcher, Spectacled Monarch (subsp *albiventris*), Barred (Yellow-eyed) Cuckooshrike, Fairy Gerygone (subsp *personata*), Yellow-spotted, Brown-backed & White-throated Honeyeaters, Rufous Shrikethrush, Varied Triller, Large-billed Gerygone, Sahul (Olive-backed) Sunbird, Australian Swiftlet, Torresian Imperial Pigeon, Forest Kingfisher and Mistletoebird.

Shorebirds and waterbirds include the chances of Greater & Lesser Frigatebirds, Brown Booby, Black-naped, Bridled, Sooty & Lesser Crested Terns, Common Noddy, Wandering & Grey-tailed Tattlers, Greater & Siberian Sandplovers, Pacific Golden Plover, Whimbrel, Eastern Curlew, Beach Thick-knee, Striated Heron, Eastern Reef Egret, Osprey, Pied Heron and Spotted Whistling-duck.

The area is also rich botanically, and several fig tree species are found here attracting frugivores like Wompoo, Topknot, Superb and Rose-crowned Fruit-Doves, and the endearing Cape York form (subsp *marshalli*) of Double-eyed Fig-parrot. Another regular, but often nocturnal visitor to fig trees is the delightful Spotted Cuscus, an arboreal marsupial with woolly fur, and bizarre orange eyes. Other nocturnal mammals we may find are Common (Grey) Cuscus, Striped Possum, Rufous Spiny Bandicoot, Cape York Melomys, Krefft's (Sugar) Glider, Spectacled & Bare-backed Flying-fox. We will also be sure to spotlight for Rufous & Masked Owls, Marbled Frogmouth and Large-tailed Nightjar.

For the herpetologically minded, reptile watching here is particularly rewarding. Snakes consist of the likes of the incredible Green Tree Python, Amethystine (Scrub) Python, Spotted Python, Water Python, Brown-headed Snake, Slaty-Grey Snake, Orange-naped Snake and Taipan, while goannas or monitors include Yellow-spotted Monitor, Canopy Goanna and Spotted Tree Monitor. Small stuff includes skinks like Six-toothed Rainbow Skink, Coastal Snake-eyed Skink and Striped Snake-eyed Skink.

Accommodation: Lockhart River (en suite cabins as for last night). **Meals included:** B, L, D.

Day 5. Kutini-Payamu (Iron Range) National Park to Musgrave

This morning we begin the journey south leaving this fabulous park via the rich heathlands of the Tozer's Gap area. While we have a big drive today there will be plenty to see en route, and we will make regular stops for comfort breaks and birds. Passing through endless miles of great birding habitat, we will spend the day on the blandly named Peninsula Development Road, one of the most remote roads in Australia, and the only road connecting the settlements of Cape York with the rest of the country. In the mid to late afternoon we will arrive in Musgrave on the edge of spectacular Rinyirru (Lakefield) National Park. We will settle into our accommodations and if time permits enjoy some birding in the area.

Accommodation: near Musgrave (cabins). **Meals included:** B, L, D.

Day 6. Musgrave - Rinyirru (Lakefield) National Park

Today we have a full day to explore the riches of Rinyirru (Lakefield) NP and surrounds. Gallery rainforest, open tropical woodland, grasslands and extensive wetlands are the main habitats we will explore today. With a number of target species in mind we will make a pre-breakfast foray for one of our star birds of the trip, the stunning Golden-shouldered Parrot, endemic to Cape York Peninsula. Interestingly, this endangered and brilliantly coloured bird makes its nest in termite mounds, a landscape feature of this area. As with the Kutini-Payamu, this area is rich in species, many of which are only found (or easiest to find) here. Red Goshawk, Black-backed Butcherbird, Bar-breasted, Rufous-throated, Yellow-tinted and Black-chinned Honeyeaters, Red-browed Pardalote, the distinctive Cape York race of Brown Treecreeper, Northern Fantail, Emu, Australian Bustard, Great Bowerbird, Pale-headed Rosella, Red-winged Parrot and Lemon-bellied Flyrobin are all species we may find. Finches are a feature here too, with possible species including the delightful Star Finch and Masked & Black-throated Finches. Wetlands species includes the likes of Magpie Goose, Green Pygmy-goose, Radjah Shelduck, Black-necked Stork, Comb-crested Jacana, Wandering, Plumed & Spotted Whistling-ducks, Australasian Grebe and Glossy Ibis. Not forgetting mammals, we will be on the lookout for Antilopine Wallaroo, Agile Wallaby, and if we are fortunate, Cape York Rock Wallaby.

Accommodation: near Musgrave (cabins). **Meals included:** B, L, D.

Palm Cockatoo - Graham Lukins

Day 7. Musgrave to Cairns.

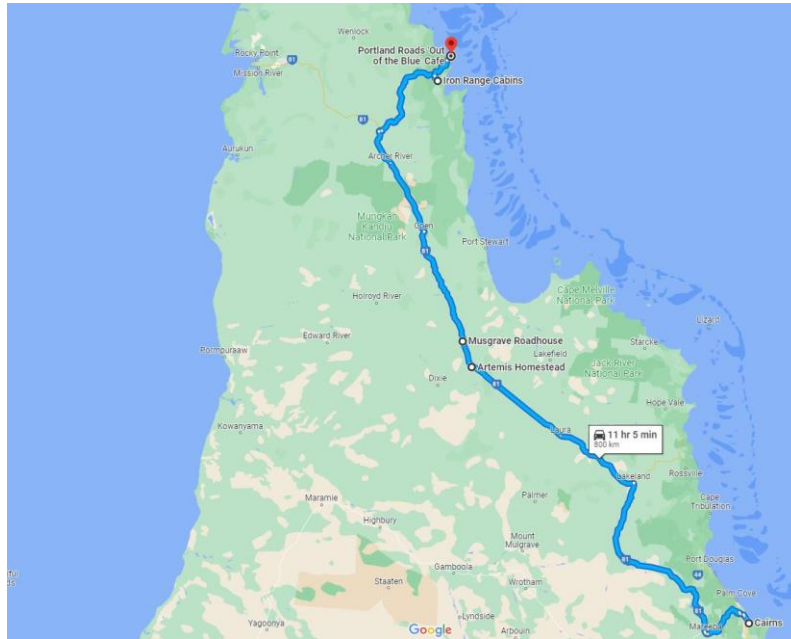

Today we continue the journey south through this vast area of tropical woodland. En route we'll be on the lookout for species like Pheasant Coucal, Grey-crowned Babbler, Banded Honeyeater, Little & Black-faced Woodswallow, Silver-crowned & Little Friarbirds, White-winged Triller and Double-barred Finch. We will then head towards Cairns, arriving late afternoon.

Accommodation: Cairns (en suite rooms). **Meals included:** B, L, D

Day 8. Depart Cairns

Tour ends this morning, please make your own arrangements for your departure after breakfast at a time that suits your flight arrangements.

Accommodation: none. **Meals included:** B.

Male Eclectus Parrot - Alfred Schulte

ADDITIONAL INFORMATION

Group size: Minimum 4 guests + 1 specialist Inala guide
Maximum 8 guests + 2 specialist Inala guides

Price includes: All accommodation as per the itinerary, specialist guide and transport, meals, entrance fees and activities as mentioned in the above itinerary.

Price does not include: International and domestic airfares, airport transfers, alcoholic beverages, snacks, internet, gratuities, laundry or other items of a personal nature.

Please note:

Meals and drinks: Breakfast generally consists of a continental style breakfast with cereal, fruit and yoghurt and tea/coffee. Full cooked breakfast is not generally offered at most locations. Lunch will generally consist of a packed lunch style meal eaten in the field, with sandwich/filled roll, fruit, and a drink. Dinner usually consists of several options for main with the choice of either an appetiser or dessert. Drinks (soft and alcoholic) are generally not included but at lunches and breakfasts juice may be made available.

The itinerary: Whilst we aim to follow the itinerary as planned, please note that the itinerary provided should only be used as a guideline. Depending on individual trip circumstances, weather, and local information, the exact itinerary may not be strictly adhered to. The guides reserve the right to make changes to the itinerary as they see fit.

Remoteness: Please note that for much of this tour we will be birding in a wonderful yet remote part of Australia. Most of the roads are unsealed and rough and travel will be in 4WD vehicles. If you have medical conditions or health concerns, it is important you make us aware of these in advance of this tour.
